### **NARST STATEMENT on Promoting Humanity, Inclusion, Diversity, and Tolerance**

**NARST is a worldwide organization of professionals committed to the improvement of science teaching and learning through research.** In pursuit of this mission, NARST is committed to equity, justice, diversity and inclusion. We espouse zero tolerance for hatred, racism, religious and ethnic persecution, homophobia, xenophobia, and violence of any kind. Events around the world — occurring most recently in Charlottesville, Virginia (USA) and Barcelona, Spain — remind us as educators that there is much work to be done in order to promote humanity, inclusion, diversity, and tolerance. As citizens and educators, we must ensure that the moral fabric of our work and our commitments to education enable learners and communities to achieve these goals.
