

**2021 NARST PhD SCHOOL SCHOLARSHIP  
EVALUATION RUBRIC**

**Applicant Number** \_\_\_\_\_

Applications for the 2021 NARST international PhD School Scholarship will be reviewed by the NARST International Committee according to the criteria in the following table as well as the application criteria of the particular PhD School.

<b>Evaluation Criteria</b>	<b>Yes/No</b>	<b>Comments</b>
1. The applicant is a registered doctoral student.		
2. The applicant is an active member of NARST (i.e., paid NARST membership dues in 2020).		
3. The applicant is a student from a region/country other than the region/country of the host institution of the PhD school.		
4. The applicant shows strong interest in science education research conducted across the world.		
5. The applicant has a clear goal in attending the PhD school.		
6. The applicant has a good plan to disseminate his/her experience of the PhD school.		
7. The PhD school may significantly contribute to the student's dissertation research (e.g. data analysis approaches, framing of results).		
8. The applicant is in the advanced stages of doctoral research (i.e., has already collected data).
