

## **NARST Virtual Event Policy**

### **Purpose and Overview**

Members and groups of members may propose virtual events to meet the needs of the membership and/or to benefit NARST as an organization. Virtual events are defined as any event that is offered as either a recorded, synchronous, asynchronous, or hybrid (e.g. synchronous/asynchronous) format. These events may include symposia, town halls, webinars, workshops, short courses, or other related activities that occur outside of the dates of the annual conference. We encourage scholars at all stages and types of career to consider proposing an event. We also encourage potential events to connect to the annual Presidential theme.

If approved, virtual events will be sanctioned by NARST and covered by the general liability insurance policy. Proposed events may utilize the NARST Zoom Account and are asked to submit a short report to provide information regarding the session following its conclusion.

### **Eligibility for a Virtual Event**

Members or groups of members may propose to host virtual events. Virtual events should be designed to be inclusive of the membership and open to all who would like to participate. These events should also align with the mission and goals of the NARST organization.

### **Procedures for Hosting a Virtual Event**

The following procedures are to be followed for this process:

1. Applicants should provide (i) a clear description of purpose and audience, (ii) timeframe for the event and justification for timeframe chosen, (iii) information about how the event will be posted, (iv) rationale for the virtual event, and (v) specify any NARST resources required.
2. Applicants should select an appropriate Series under which the event would be advertised:
  - a. Presidential Series – planned by current NARST President

3. Applicants that are interested in holding a virtual event should submit a completed application via the website.
4. An application to host a virtual event will be required for every new session and should be submitted by the stated quarterly deadlines (January 1, April 1, July 1, October 1) prior to the event. If a session is in response to a current event and requires a speedier approval, then an exception may be made by emailing a request to review to the current Membership Board Liaison. The Membership Board Liaison will then start the review process as described below.

5. If accepted, a registration link and Zoom link will be provided to the organizers and the event will be advertised using the NARST Listserv, Website, and avenues deemed appropriate by the Social Media, Website, and Communications Committee.
6. If accepted, the event hosts are asked to provide a short report detailing the number of attendees, a brief description of how it went, and any additional relevant details following the completion of the event.

### **Review Process**

The application will go through an initial review by the Board Membership Committee Liaison to ensure minimum requirements are met for the event to be considered. The minimum requirements include:

- Alignment with NARST mission and goals
- Completed all components of the application

Applications that meet the minimum requirements will be reviewed by a Membership Committee sub-committee to include the Membership Board Liaison, one Membership Committee Chair, the graduate student representative, the International Committee representative, the Equity & Ethics representative, and a representative from the Social Media, Website, and Communications Committee. Criteria for this step of the process include:

- Timing and conflicts with official NARST virtual events (these can be found on the NARST calendar)
- Purpose of the event and its alignment with NARST mission and goals
- Likelihood of event meeting the needs of members and/or benefiting NARST

Applicants will be notified within two weeks of the quarterly deadline of their acceptance status.

### **Rights and Responsibilities of NARST**

The NARST Executive Director will ensure the procedures and application form are posted on the NARST website.

The application and review process will be managed by the sub-committee outlined above and will report to the applicant in a timely manner.

### **Avoiding and Remediating Conflict of Interest**

A conflict of interest exists when an Interested Person has a direct or indirect (through business, investment, or a family member) material financial or other interest in a matter that might influence, or that might be perceived to influence, the judgment or actions of the Interested Person while serving the Association. That is, an independent observer might reasonably question whether the Interested Person's judgment or actions are compromised by considerations in which the Interested Person directly or indirectly benefits.
